

The Little House Next Door is our Child Development Center for children from birth to five years old.

The Little House Next Door is dedicated to providing the highest quality care for each child regardless of cultural, racial, or social-economic backgrounds, in a stimulating, secure and caring environment.

The staff establishes positive personal interaction, nurturing each child's growth and education. We plan for all areas of a child's development: cognitive, emotional, social, creative, and physical. Individuality is acknowledged and respected as each child explores a child-centered environment at his or her own pace.

We create stimulating, accepting and nurturing environment by establishing collaborative relationships with families.

Family and Parenting Programs

Nurturing Families Building Communities

www.thehnd.com

Our family education and support programs serve children and families in the community, school, and home.

The mission of The House Next Door is to nurture and empower families to help build stronger communities.

All programs embrace and recognize individual and family values and emphasize the role of parents and the importance of sound family management and parenting skills.

The core components of all of the programs at The House Next Door strengthen the family unit. This, in turn, strengthens the community.

C.A.R.E.S. and S.A.T.P.

C.A.R.E.S. (Coordination, Advocacy, Resources, Education and Support) is an evidence-based family-centered, strength-based, and community-driven model for child abuse prevention.

A key component of the C.A.R.E.S. program is the concept of Family Team Conferencing, providing families with natural supports that help them to develop and implement plans to ensure their stability and the health and welfare of their children.

C.A.R.E.S. is offered by referral from Community Partnership for Children

Parenting & Therapy

Our **Parenting Programs** are: **Step by Step** (for parents of children from birth to 36 months) & **Making Changes** (for parents of children from 3 to 11 years). We use the science based Nurturing Program, designed for parents and children.

These programs are designed to change behavior and utilize outcome measures to report successful completion rates.
