Our Philosophy

The Little House Next Door is a Child Development Center for children from birth to five years old.

We are dedicated to providing the highest quality care for each child regardless of cultural, racial, or social-economic backgrounds, in a stimulating, secure and caring environment.

The staff establishes positive personal interaction, nurturing each child's growth and education. We plan for all areas of a child's development: cognitive, emotional, social, creative, and physical.

Individuality is acknowledged and respected as each child explores a child-centered environment at his or her own pace.

We create stimulating, accepting and nurturing environment by establishing collaborative relationships with families.

133 E. Church Street
DeLand, FL 32724

Curriculum

The Little House Next Door uses a curriculum consistent with our philosophy and focuses on every aspect of a child's development.

We use the Creative Curriculum for infants, toddlers, twos and pre-schoolers. Along with the curriculum we enjoy teaching children based on themes and every day life which incorporates fun interactions to help our children develop whole-heartedly into wonderful, well balanced children.

The curriculum guides the daily schedule in a predictable, yet flexible and responsive manner to meet the needs of each child. Our classroom teachers are educated and trained in early childhood education, as well as safety and health regulations.

Our staff is dedicated to caring for, nurturing and encouraging each child in a loving and stimulating manner and in a warm environment.

Watch your children grow and learn

The pleasure of your child's day can be yours as well! The Little House Next Door has secure web cams throughout the Center and even on the playground.

Families can login and watch their child anytime during the day.

Not only does the Little House Next Door teach safety to our children, we all practice ways in which we end our days happy, tired and worry free.

The webcams assist in this area and we know you will enjoy viewing your child during their busy day.

The Little House Next Door Child Development Center is a program of The House Next Door, Inc., a non profit agency providing quality community based mental health and family support services in Volusia & Flagler Counties since 1976.
